

ANNUAL REPORT for 2021

Since 2012, the Holistic Health Community has been providing free holistic healthcare and education to our community. Currently we have 57 holistic practitioners and 25 administrative volunteers who love to give service and come together to create an expanded paradigm of well being.

- Throughout 2021, because of the pandemic, we offered Free Virtual Community Holistic Healthcare Days on the last week of each month. During these Healthcare Weeks, an average of 20 practitioners served around 80 clients. For a list of the wide variety of energy healing and psychological modalities clients can choose from, visit <https://holistichealthcommunity.org/services>
- Beginning in July of 2021, as more businesses were reopening, we reinstated our IN PERSON Community Holistic Healthcare Days at the Marbletown Community Center, AND we continued our VIRTUAL Holistic Healthcare Weeks, giving both practitioners and clients a choice. The Town of Marbletown required that all persons using the Community Center wear masks. Some of our volunteers were not comfortable working in person, some were not comfortable wearing masks; some were fine wearing masks but were not comfortable working on clients who were not vaccinated. We accommodated everyone's requirements -- those who were not comfortable wearing masks did not participate, and we allowed those who wanted to work only on vaccinated clients to require this individually as part of their personal statements in our announcement of the event. Instead of signing up for sessions at Holistic Healthcare Day, we asked clients to sign up on line in advance to lessen the number of people in the Community Center at any one time. By holding both IN PERSON days and VIRTUAL weeks each month, we increased the number of clients we served.
- At the same time, we have offered many virtual classes and Special Events co-sponsored with the Morty and Gloria Wolosoff Foundation. For a listing of all our Healthcare Days/Weeks, Self-Care Classes and Special Events offered in 2020, please visit: <https://holistichealthcommunity.org/events/calendar-of-events/?eventyear=2021>
- We welcomed five new practitioners:

Alannah Henneberry	Shamanic Reiki
Drew Minter	Feldenkrais
Heather Fox	Energy Kinesiology
Pete Crotty	Astrological/Tarot Readings
Vicki Kramer Nason	Life Coaching

- We received an Operational Grant for 2019, 2020 and 2021 (\$100,000 annually) from an anonymous donor through the Community Foundations of the Hudson Valley. The grant was recently renewed and doubled for 2022 to support our Future Vision.

- We received a grant of \$7500 for funding Special Events from the Morty and Gloria Wolosoff Foundation. This grant was recently renewed and increased to \$35,000 for 2022 to support our new Outreach Program, to bring holistic healthcare and education to underserved communities in our area.
- We worked with our architect to develop the architectural design for the Operations Center, the first building to be built on our campus once we acquire land.
- We worked with consultant Craig Oshkello to develop a legal structure for the land trust we envision for the HHC campus once we acquire land.
- We hired Patty Curry and Chelsea Miller in May to act as Directors of Development to launch our fund raising campaign for phase two of our Future Vision.

In December, we held a Pop Up Healthcare Day and began offering monthly yoga classes at People’s Place, and scheduled a Pop Up Healthcare Day for January 2022 at Seasoned Gives.
